Fall 2017

Dear Greendale Friends of Music Supporter,

Greendale schools are consistently one of the top performers when it comes to student achievement. The arts contribute to every student's experience and accomplishment. Several recent studies indicate that music-making is a key component of academic and social success. Learning to play a musical instrument or to sing is a rewarding experience for anyone at any age, but music is especially helpful to the development of children. It develops intellectual skills, builds teamwork and is an activity that can bring joy for a lifetime.

The Greendale Friends of Music is committed to maintaining the high quality of music education that we have come to expect from our schools. As a support and advocacy group, we raise funds that help supplement our school's music programs. Through the generous support of people like you, we are able to give more than \$10,000 annually in support of clinics, guest musicians, the purchase of musical instruments, scholarships to enrichment camps and graduating seniors who major in music, and miscellaneous musical supplies for each music director. The Greendale Friends of Music support all music programs – choral, band, and orchestra – at the elementary, middle, and high school level.

With the budget constraints that all schools are facing, it is more important than ever to support music in our schools. Your contribution to Greendale Friends of Music will allow us to build on the strong partnership that exists between us and our school's music programs. Please consider becoming a supporter by making a contribution to Greendale Friends of Music. Thank you in advance and we look forward to seeing you at one of the many musical performances during the upcoming school year.

Please send this form and your check, payable to **Greendale Friends of Music**, to:
